

I do folding and dying of the bags. It doesn't really affect my life. It's just casual. I just started so I haven't received my salary yet. I'll give the money to my mother. Only my mother knows what she'll do with the money. You can call my mother if you want.

My name is Harshala. I do stitching. I like it and it's a lot of fun. I can run my house with the money. I used to work somewhere here only. Some service job. I don't know after this. For now, I am quite happy here. Haven't thought so far.

I do stitching. I is very important for me for my children, their classes and to run their home. My children can do whatever they want and I can support them. I was a housewife before this, so this is an essential job for me now.

I do stitching for Tiny Miracles. Ever since my children were young, we didn't go outside. Since I got this job it's been good. I can buy everything happily. It wasn't like this before. I just had to take what I was given. Now I can buy it. I buy clothes for my children because I know the payment is coming. First I just sit at home because of my kids. Now I can work because the job is right next door.

I stitch bags. The job is good. Now what do I say? First there was nothing in my hand and now I can run my house. I mostly spend it on food and water. After this job, I'll go back to house work I guess. What else?

I stitch bags for Tiny Miracles. It is an important job for me. I need it for my children's school fees and running the house. This also my passion. There is no extra money yet. Before this, I was a housewife. After this job, I haven't thought so much.

For now I work with the Rituals bags. Folding. I do everything. I do theatre competitions with my college group. Before I used to be at home. Oh Tiny Miracles, obviously they help. Specially in the 10th standard exams. - I had a financial problem to attend the classes. Tiny Miracles had funded the extra classes for all the subjects that were hard for me like Maths. I do theatre. They conducted a drama workshop here once and since then I found my interest. This is what I will do.

Tiny Miracles helped me improved my skills and a little English. I've joined the drum class and organ class. They're also helping me economically. I love coming here everyday. There's something new every month. I like to roam around, go on tours. Now I am studyings - Like Grace Ma'am, I'll do either a Master in social worker or Library Sciences.

For Tiny Miracles, I stitch bags. Tiny Miracles helps our children a lot with study classes, drum classes. A lot of activities.. For the kids and for us too. Really, with Tiny Miracles there are a lot of changes in my life. I started earning money. The situation in my house has improved. My husband earns and I also earn now. There is now support for my children to study. Whichever book or toy they want without hesitation. Before this I did nothing. Just a housewife. After this, I'll do some job. Now I am stitching bags. Whatever offer I get.

I do the job as a checker. For the job, they have helped me. This is my first job. I do it alongside my studies. I'm doing first year Business Communication. My dream is to do a government job. With the salary, I bought my first phone. I need it for the Online classes. with the lock down. It's important for me that I bought it with my own money.

I do stitching and participate in a lot of activities. First it was very difficult to pay my child's school fees. The money is helping out at home. For the children, there is a study class for them. Before this job, I did not do anything.
